Misleading Press Report

The Tertiary Education Commission (The Commission) refers to a press report which appeared in the Week End Newspaper of 7 February 2016, alleging that staff of the female gender are being targeted.

The Commission hereby points out the following:

- (i) Following a Court judgment of 14 November 2014, one male staff was reverted to his previous position.
- (ii) As per legal advice obtained recently, the above-mentioned Court judgment was extended to two similar cases. Consequently, two lady staff were reverted to their previous posts.
- (iii) One lady staff has unilaterally terminated her employment by objecting to the Commission's conditions related to her reintegration.

The Commission is an organization which operates in line with the applicable legislations and under legal advice, at all times. The issue of gender, as tends to indicate the press report, is out of order.

The Press has reported misleading information, causing prejudice to the Commission.
